INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of Carolina for Kibera, Inc. (a not-for-profit organization), which comprise the statements of financial position as of June 30, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Carolina for Kibera, Inc. as of June 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

June 30, 2020 and 2019

1. Organization and Summary of Significant Accounting Policies

A. Organization and Purpose:

Carolina for Kibera, Inc. (the Organization) is a North Carolina non-profit organization incorporated on April 23, 2001. The Organization's purpose is to serve as a granting organization to CFK-Kenya, a non-governmental organization in Kenya. CFK-Kenya works with people in all stages of life to offer quality primary healthcare services and coordinated educational programs, with special attention to girls, that lead to improved social and economic futures. The Organization is supported through public contributions.

B. Basis of Accounting and Presentation:

The accompanying financial statements have been, in all material respects, prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting standards. Net assets and support, revenue, expenses, gains, and losses are classified based on existence or absence of externally-imposed restrictions. The Organization follows standards for external financial reporting by not-for-profit organizations that requires its resources be classified for accounting and reporting purposes into two net asset categories according to externally-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions--Net assets that are not subject to donor-imposed stipulations and are available for use by the Board and/or management for general operating purposes. From time to time the Board may designate a portion of these net assets for specific purposes or uses under various internal operating budgets or for board designated purposes which makes them unavailable for use at management's discretion.

Net Assets With Donor Restrictions--Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Organization and/or the passage of time or are to be maintained permanently by the Organization.

Some net assets with donor restrictions include a stipulation that assets provided be maintained permanently (perpetual in nature) while permitting the Organization to expend the income generated by the assets in accordance with the provisions of additional donor-imposed stipulations or a Board approved spending policy. The Organization currently has assets of \$1,172,495 and \$1,172,000 for the years ended June 30, 2020 and 2019, respectively, to be maintained in perpetuity as stipulated by the donors.

C. Adoption of New Accounting Pronouncement:

The Organization has adopted the Financial Accounting Standard Board's Accounting Standards Update (ASU) 2019-09, *Revenue from Contracts with Customers (Topic 606)*. ASU 2014-09 requires an entity to depict the transfer of promised goods or services to customers in an amount that reflects the consideration that the entity expects to be entitled to in exchange for those goods and services. Additional disclosure is required to enable users of the financial statements to understand the nature, amount, timing, and uncertainty of revenue and cash flow arising from contracts with customers. The adoption of this ASU did not materially impact the timing or amount of revenue recognized by the Organization in these financial statements.

The Organization has adopted ASU 2018-08, *Not-for-Profit Entities (Topic 958), Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. ASU 2018-08 provides (1) a framework for determining whether a particular transaction is an exchange or a contribution (a nonreciprocal transaction), including how to evaluate whether a resource provider receives commensurate value in an exchange transaction, and (2) guidance to assist entities in determining whether a contribution is either conditional or unconditional. The adoption of this ASU did not materially impact these financial statements.

1. Organization and Summary of Significant Accounting Policies (Continued)

D. Accounting Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates and assumptions are used for, but not limited to, the fair value of investments and in-kind contributions, depreciable lives of property and equipment, and functional allocation of expenses.

E. Promises to Give:

The Organization recognizes as revenues contributions received and made, including unconditional, legally enforceable promises to give, in the period in which the Organization is notified that the donor has made a promise to give. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designed for future periods or restricted by the donor for specific purposes are reported as temporarily restricted support that increases that net asset class. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Organization reports the support as unrestricted.

Unconditional promises to give are recorded net of an allowance for uncollectible promises. The allowance is based on management's analysis of specific promises to give and current economic conditions.

Conditional promises to give are recognized when the conditions on which they depend are substantially met.

F. Investments:

Investments are recorded at fair value. Fair value is based on quoted market prices when available. Unrealized gains and losses are included in the changes in net assets.

The fair value of long-term investments are based on quoted market prices for those or similar investments. Investments are held and managed by the University of North Carolina at Chapel Hill.

G. Property and Equipment:

Property and equipment is recorded at cost if purchased or at fair value if donated at the date of donation. A capitalization threshold of \$500 is utilized. Expenditures for repairs and maintenance are charged against operations. Depreciation is provided using the straight-line method over estimated useful lives ranging from five to ten years. Depreciation expense for the years ended June 30, 2020 and 2019 totaled \$278 and \$625, respectively.

H. Support and Revenue Without and With Donor Restrictions:

Contributions of cash and other assets, as well as grants, are recorded as increases in with or without donor restrictions, depending on the existence or nature of any externally-imposed restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. Support that is restricted by the donor is reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is presented as an increase in net assets with donor restrictions depending on the nature of the restrictions.

Notes to Financial Statements
June 30, 2020 and 2019

1. Organization and Summary of Significant Accounting Policies (Concluded)

Sponsorship Revenue

The portion of sponsorship revenue that relates to the commensurate value the sponsor received in return is recognized when the related events are held and performance obligations are met.

Special Event Revenue-Ticket Sales

The portion of ticket sales that relates to the commensurate value the attendee receives in return is recognized when the related events are held and performance obligations are met.

I. In-Kind Contributions:

The Organization records in-kind contributions of services, materials, and other at their estimated fair values at the date of the contribution.

Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would otherwise be purchased by the Organization.

The Organization has received approximately 1,100 volunteer hours for the years ended June 30, 2020 and 2019, respectively. No amounts have been reflected in the financial statements for volunteer hours unless these services meet the requirements for recognition in the financial statements. In addition, the Organization's officers and board of directors serve without compensation.

J. Functional Allocation of Expenses:

The cost of providing the various program and support services of the Organization has been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the program and support services benefited. Directly identifiable expenses are charged to programs and support services. Expenses attributable to more than one function are generally allocated based on time records and estimates made by management. Support services include expenses which are not directly identifiable with any specific program but provide support for the Organization's overall operations.

K. Income Tax Status:

The Organization is exempt from federal and state income taxes under Section 501(a) of the Internal Revenue Code and is classified under Section 501(c)(3) as a public charity. In addition, the Organization qualifies for deductible contributions under Section 170(b)(1)(A)(vi) of the Internal Revenue Code. Further, the Organization has also been classified as an entity that is not a private foundation within the meaning of Section 509(a)(1) of the Internal Revenue Code. Accordingly, the accompanying financial statements do not include a provision for income taxes.

The Organization files Form 990 information returns in the U.S. Federal jurisdiction. These returns are subject to examination by the Internal Revenue Service for a period of three years after the respective filing deadlines. The Organization has not been informed by any tax authorities for any jurisdictions that any of its tax years are under examination as of June 30, 2020.

L. Compensated Absences:

Employees of the Organization vest in vacation pay earned but unused. The aggregate amount of vacation pay due has been accrued on the statement of financial position of the Organization.

CAROLINA FOR KIBERA, INC.

Notes to Financial Statements

June 30, 2020 and 2019

2. Promises to Give

The Organization carries its promises to give at cost. On an annual basis, the Organization evaluates its promises to give and establishes an allowance for uncollectible promises to give based on current economic conditions. Management believes the promises to give will be fully collected. Therefore, there is no allowance on the promises to give balance.

Promises to give consist of the following at June 30, 2020 and 2019:

	2020	2019
Promises to Give	\$ 405,000	\$ 225,000
Less: Current Portion	<u>405,000</u>	<u>120,000</u>
Amounts Due After One Year	\$ <u>0</u>	\$ <u>105,000</u>

Promises to give are projected to be collected as follows:

	2020	2019
Amounts due in less than one year	\$ 405,000	\$ 120,000
Amounts due in one to five years	<u>0</u>	<u>105,000</u>
	\$ <u>405,000</u>	\$ <u>225,000</u>

3. Investments

Investments consist of the following at June 30, 2020 and 2019:

	Historical Cost	Market Value
<u>June 30, 2020:</u>		
UNC Investment Fund	\$ <u>1,374,806</u>	\$ <u>1,521,045</u>
<u>June 30, 2019:</u>		
UNC Investment Fund	\$ <u>1,374,311</u>	\$ <u>1,565,412</u>

Investment income consists of the following for the years ended June 30, 2020 and 2019, respectively.

	2020	2019
Interest and Dividends	\$ 8,818	\$ 20,628
Investment Expenses	<u>(6,670)</u>	<u>(6,397)</u>
Investment Income, net	\$ <u>2,148</u>	\$ <u>14,231</u>

4. Fair Value Measurements

The Organization follows ASC 820, *Fair Value Measurements and Disclosures*, with respect to fair value measurements of its financial assets and financial liabilities. This standard defines fair value as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The standard also establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available.

CAROLINA FOR KIBERA, INC.

Notes to Financial Statements

June 30, 2020 and 2019

4. Fair Value Measurements (Continued)

The hierarchy is broken down into three levels. Level 1 inputs are quoted market prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and inputs (other than quoted prices) that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability. Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for the Organization's assets measured at fair value in the accompanying financial statements. There have been no changes in the methodologies used at June 30, 2020 and 2019.

- ***Investment with UNC Investment Fund***

Investments held with and managed by the UNC Chapel Hill Foundation are valued at confirmed amounts with the fund and are considered to be Level 2 investments.

The following table sets forth by level, within the fair value hierarchy, the fair value of the Organization's investments measured on a recurring basis at June 30, 2020 and 2019:

		Quoted Prices in Active Markets for Identical Assets (Level 2)
	<u>Fair Value</u>	
<u>June 30, 2020:</u>

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Retirement Plan

Effective September 2017, the Organization established a Simple IRA retirement plan for its eligible employees. Employees may make contributions to the plan up to the maximum amount allowed by the Internal Revenue Code. All participant contributions are immediately fully vested. The Organization matches up to 3% of the employees' retirement contributions. Contributions made by the Organization on behalf of its eligible employees were \$2,281 and \$2,721 for the years ended June 30, 2020 and 2019, respectively.

6. Related Entities

The Organization is affiliated with the University of North Carolina at Chapel Hill. Under an agreement, the University provides staffing assistance, office space, investment management services and daily accounting services for \$6,000 for the years ended June 30, 2020 and 2019, respectively. Carolina for Kibera, Inc. must maintain its state nonprofit and tax-exempt status, conduct activities that are in line with the mission of the University and follow the University's accounting policies which include having an annual audit performed.

7. Cash and Concentration of Credit Risk

Cash at June 30, 2020 and 2019, includes the following amounts:

	2020	2019
University of North Carolina Investment Pool	\$ 1,111,495	\$ 1,064,284
Financial Institutions	291,390	96,251
	<u>\$ 1,402,885</u>	<u>\$ 1,160,535</u>

It is the State Treasurer's policy and practice for deposits not covered by federal depository insurance to be covered by collateral held by the State of North Carolina's agent in the name of the State and for the investments to be held by the State's agent in the State's name. Cash balances in the financial institution are insured up to \$250,000. At June 30, 2020, the Organization's uninsured cash balances were \$41,389. At June 30, 2019, the Organization had no uninsured cash balances.

The Organization receives a major portion of its support from private foundations and contributions. A reduction in the level of support could possibly have a significant effect on the Organization's programs and activities.

8. Net Assets With Donor Restrictions

Net assets with donor restrictions at June 30, 2020 and 2019 were available for the following purposes or periods:

	2020	2019
Purpose Restricted:		
Girls Empowerment Project	\$ 100,000	\$ 297,931

CAROLINA FOR KIBERA, INC.

Notes to Financial Statements

June 30, 2020 and 2019

9. Net Assets Released from Restrictions

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purposes or by occurrence of passage of time or other events specified by donors. The net assets released from restrictions for the years ended June 30, 2020 and 2019 were as follows:

	2020	2019
Lishe Bora Mtaani Nutrition Center	\$	\$ 253,750
Girls Empowerment Project	197,931	
Various Projects in Kenya	923	4,589
	<u>\$ 198,854</u>	<u>\$ 258,339</u>

10. Endowment Fund*Donor-designated Endowments (UPMIFA state)*

The Organization's endowment funds consist of a pooled endowment account established for specific purposes as restricted by the donor. As required by U.S. generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The State of North Carolina enacted the North Carolina (NC) Uniform Prudent Management of Institutional Funds Act (UPMIFA) effective March 2009, the provisions of which apply to endowment funds existing on or established after that date. Absent donor stipulations to the contrary, the provisions of this state law do not impose a restriction on the income or capital appreciation derived from the original gifts.

The Organization classifies as net assets with donor restrictions (a) the original value of gifts donated to permanent endowments, (b) the original value of subsequent gifts to the permanent endowments, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Gains and losses are classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence described in UPMIFA.

Investment Return Objectives, Risk Parameters and Strategies

Carolina for Kibera, Inc. has elected to invest in The University of North Carolina at Chapel Hill Foundation Investment Fund, Inc. (Chapel Hill Investment Fund or CHIF), a commingled investment vehicle established for The University of North Carolina at Chapel Hill Endowment Fund and other foundations and endowments affiliated with The University of North Carolina at Chapel Hill. By electing to invest in the Chapel Hill Investment Fund, the Organization has agreed to follow the investment policies and procedures as set forth by CHIF. The Chapel Hill Investment Fund invests its assets in the UNC Investment Fund, LLC (UNCIF). UNCIF employs a multi-asset class, multi-strategy investment approach to provide broad diversification, consistent returns and growth in spending and market value. The four primary investment goals and objectives of the UNCIF are:

1. To preserve the real (net of inflation) purchasing power of the UNCIF while providing a predictable, stable, and constant (in real terms) stream of earnings.
2. To earn an annualized real total rate of return of at least 5.5 percent per year, net of all fees and expenses, over the long term.
3. To earn an annual rate of return, net of all fees, that exceeds the Strategic Investment Policy Portfolio.
4. To earn a rate of return that places the Fund among the top third of university endowment funds as ranked by the National Association of College and University Business Officers.

CAROLINA FOR KIBERA, INC.

Notes to Financial Statements

June 30, 2020 and 2019

10. Endowment Fund (Continued)

Additionally, the Organization has adopted investment and spending policies, approved by the Board, for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment funds while seeking to maintain the purchasing power of the endowment assets over the long term.

Spending Policies

Each year, the Organization may take a distribution of at least 4% to a maximum distribution of 7% of the Fund's estimated market value at the Fund's fiscal year end. The investment return on the endowment account is treated as income without donor restrictions and the payout from the endowment account is received at the end of the Fund's fiscal year from the without donor restrictions portion.

Notes to Financial Statements

June 30, 2020 and 2019

10. Endowment Fund (Concluded)*Funds with Deficiencies*

From time to time, the fair value of assets associated with donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Organization to retain as a fund of perpetual duration. There were no such deficiencies at June 30, 2020 and 2019.

11. In-Kind Contributions

The fair value of donated services, materials, and other included as contributions in the financial statements for the years ended June 30, 2020 and 2019 is as follows:

	2020	2019
Program Supplies	\$ 11,300	\$ 2,869
Legal Fees	\$ 11,300	\$ 2,869

12. Liquidity and Availability of Resources

The Organization manages its liquid resources by focusing on fundraising efforts to ensure the entity has adequate contributions and revenue to cover the programs that are being conducted. The Organization prepares detailed budgets and is active in managing costs to ensure the entity remains liquid.

The Organization's financial assets as of June 30, 2020 and 2019 expected to be available within one year to meet the cash needs for general expenditures comprise the following:

	2020	2019
Financial assets available within one year:		
Cash	\$ 1,402,885	\$ 1,160,535
Promises to Give, net	405,000	120,000

Restricted by donor with time or purpose restrictions	571,442	198,854
Financial assets available to meet cash needs for general expenditures within one year	\$ 1,236,581	\$ 1,083,318

13. Subsequent Events

Subsequent events have been evaluated through December 18, 2020, which is the date the financial statements were available to be issued. The Organization is not aware of any subsequent events that would require recognition or disclosure in the financial statements. However, as a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which may negatively impact the Organization.

INDEPENDENT AUDITOR'S REPORT

Opinion

We have audited the accompanying financial statements of Carolina for Kibera, Inc. (a not-for-profit organization), which comprise the statements of financial position as of December 31, 2020 and June 30, 2020, and the related statements of activities, functional expenses, and cash flows for the six-month and twelve-month periods then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Carolina for Kibera, Inc. as of December 31, 2020 and June 30, 2020, and the changes in its net assets and its cash flows for the six-month and twelve-month periods then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of Carolina for Kibera, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Carolina for Kibera, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Carolina for Kibera, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Carolina for Kibera, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

1. Organization and Summary of Significant Accounting Policies

A. Organization and Purpose:

Carolina for Kibera, Inc. (the Organization) is a North Carolina non-profit organization incorporated on April 23, 2001. The Organization's purpose is to serve as a granting organization to CFK-Kenya, a non-governmental organization in Kenya. CFK-Kenya works with people in all stages of life to offer quality primary healthcare services and coordinated educational programs, with special attention to girls, that lead to improved social and economic futures. The Organization is supported through public contributions.

B. Basis of Accounting and Presentation:

The accompanying financial statements have been, in all material respects, prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting standards. Net assets and support, revenue, expenses, gains, and losses are classified based on existence or absence of externally-imposed restrictions. The Organization follows standards for external financial reporting by not-for-profit organizations that requires its resources be classified for accounting and reporting purposes into two net asset categories according to externally-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions--Net assets that are not subject to donor-imposed stipulations and are available for use by the Board and/or management for general operating purposes. From time to time the Board may designate a portion of these net assets for specific purposes or uses under various internal operating budgets or for board designated purposes which makes them unavailable for use at management's discretion.

Net Assets With Donor Restrictions--Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Organization and/or the passage of time or are to be maintained permanently by the Organization.

Some net assets with donor restrictions include a stipulation that assets provided be maintained permanently (perpetual in nature) while permitting the Organization to expend the income generated by the assets in accordance with the provisions of additional donor-imposed stipulations or a Board approved spending policy. The Organization currently has assets of \$1,172,495 and \$1,172,495 for the six-month and twelve-month periods ended December 31, 2020 and June 30, 2020, respectively, to be maintained in perpetuity as stipulated by the donors.

C. Change of Financial Year End:

Effective July 1, 2020, the Organization changed its financial year end from June 30 to December 31 to better align with CFK-Kenya's financials and funder/funding cycles. Accordingly, these financial statements present the statements of financial position as of December 31, 2020 and June 30, 2020 and the change in net assets for the six months ended December 31, 2020 and the twelve months ended June 30, 2020.

D. Accounting Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates and assumptions are used for, but not limited to, the fair value of investments and in-kind contributions, depreciable lives of property and equipment, and functional allocation of expenses.

1. Organization and Summary of Significant Accounting Policies (Continued)

E. Promises to Give:

The Organization recognizes as revenues contributions received and made, including unconditional, legally enforceable promises to give, in the period in which the Organization is notified that the donor has made a promise to give. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designed for future periods or restricted by the donor for specific purposes are reported as temporarily restricted support that increases that net asset class. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Organization reports the support as unrestricted.

Unconditional promises to give are recorded net of an allowance for uncollectible promises. The allowance is based on management's analysis of specific promises to give and current economic conditions.

Conditional promises to give are recognized when the conditions on which they depend are substantially met.

F. Investments:

Investments are recorded at fair value. Fair value is based on quoted market prices when available. Unrealized gains and losses are included in the changes in net assets.

The fair value of long-term investments are based on quoted market prices for those or similar investments. Investments are held and managed by the University of North Carolina at Chapel Hill.

G. Property and Equipment:

Property and equipment is recorded at cost if purchased or at fair value if donated at the date of donation. A capitalization threshold of \$500 is utilized. Expenditures for repairs and maintenance are charged against operations. Depreciation is provided using the straight-line method over estimated useful lives ranging from five to ten years. Depreciation expense for the six-month and twelve-month periods ended December 31, 2020 and June 30, 2020 totaled \$139 and \$278, respectively.

H. Support and Revenue Without and With Donor Restrictions:

Contributions of cash and other assets, as well as grants, are recorded as increases in with or without donor restrictions, depending on the existence or nature of any externally-imposed restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. Support that is restricted by the donor is reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is presented as an increase in net assets with donor restrictions depending on the nature of the restrictions.

Sponsorship Revenue

The portion of sponsorship revenue that relates to the commensurate value the sponsor received in return is recognized when the related events are held and performance obligations are met.

Special Event Revenue-Ticket Sales

The portion of ticket sales that relates to the commensurate value the attendee receives in return is recognized when the related events are held and performance obligations are met.

1. Organization and Summary of Significant Accounting Policies (Concluded)

I. In-Kind Contributions:

The Organization records in-kind contributions of services, materials, and other at their estimated fair values at the date of the contribution.

Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would otherwise be purchased by the Organization.

The Organization has received approximately 342 and 1100 volunteer hours for the six-month and twelve-month periods ended December 31, 2020 and June 30, 2020, respectively. No amounts have been reflected in the financial statements for volunteer hours unless these services meet the requirements for recognition in the financial statements. In addition, the Organization's officers and board of directors serve without compensation.

J. Functional Allocation of Expenses:

The cost of providing the various program and support services of the Organization has been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the program and support services benefited. Directly identifiable expenses are charged to programs and support services. Expenses attributable to more than one function are generally allocated based on time records and estimates made by management. Support services include expenses which are not directly identifiable with any specific program but provide support for the Organization's overall operations.

K. Income Tax Status:

The Organization is exempt from federal and state income taxes under Section 501(a) of the Internal Revenue Code and is classified under Section 501(c)(3) as a public charity. In addition, the Organization qualifies for deductible contributions under Section 170(b)(1)(A)(vi) of the Internal Revenue Code. Further, the Organization has also been classified as an entity that is not a private foundation within the meaning of Section 509(a)(1) of the Internal Revenue Code. Accordingly, the accompanying financial statements do not include a provision for income taxes.

The Organization files Form 990 information returns in the U.S. Federal jurisdiction. These returns are subject to examination by the Internal Revenue Service for a period of three years after the respective filing deadlines. The Organization has not been informed by any tax authorities for any jurisdictions that any of its tax years are under examination as of December 31, 2020.

L. Compensated Absences:

Employees of the Organization vest in paid time off earned but unused. The aggregate amount of paid time off due has been accrued on the statement of financial position of the Organization.

CAROLINA FOR KIBERA, INC.
Notes to Financial Statements
December 31, 2020 and June 30, 2020

2. Promises to Give

The Organization carries its promises to give at cost. On an annual basis, the Organization evaluates its promises to give and establishes an allowance for uncollectible promises to give based on current economic conditions. Management believes the promises to give will be fully collected. Therefore, there is no allowance on the promises to give balance.

Promises to give consist of the following at December 31, 2020 and June 30, 2020:

	December 31, 2020	June 30, 2020
Promises to Give	\$	\$ 405,000
Less: Current Portion	<u> </u>	<u>405,000</u>
Amounts Due After One Year	\$ <u> 0</u>	\$ <u> 0</u>

Promises to give are projected to be collected as follows:

	December 31, 2020	June 30, 2020
Amounts due in less than one year	\$	\$ 405,000
Amounts due in one to five years	<u> </u>	<u> 0</u>
	\$ <u> 0</u>	\$ <u>405,000</u>

3. Investments

Investments consist of the following at December 31, 2020 and June 30, 2020:

	Historical Cost	Market Value
<u>December 31, 2020:</u>		
UNC Investment Fund	\$ <u>1,374,806</u>	\$ <u>1,780,441</u>
<u>June 30, 2020:</u>		
UNC Investment Fund	\$ <u>1,374,806</u>	\$ <u>1,521,045</u>

Investment income consists of the following for the years ended December 31, 2020 and 2020, respectively.

	December 31, 2020	June 30, 2020
Interest and Dividends	\$ (126)	\$ 8,818
Investment Expenses	<u>(3,440)</u>	<u>(6,670)</u>

4. Fair Value Measurements

The Organization follows ASC 820, *Fair Value Measurements and Disclosures*, as amended, with respect to fair value measurements of its financial assets and financial liabilities. This standard defines fair value as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The standard also establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available.

The hierarchy is broken down into three levels. Level 1 inputs are quoted market prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and inputs (other than quoted prices) that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability. Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for the Organization's assets measured at fair value in the accompanying financial statements. There have been no changes in the methodologies used at December 31, 2020 and June 30, 2020.

- ***Investment with UNC Investment Fund***

Investments held with and managed by the UNC Chapel Hill Foundation are valued at confirmed amounts with the fund and are considered to be Level 2 investments.

The following table sets forth by level, within the fair value hierarchy, the fair value of the Organization's investments measured on a recurring basis at December 31, 2020 and June 30, 2020:

	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 2)</u>
<u>December 31, 2020:</u>		
Investments	\$ <u>1,780,441</u>	\$ <u>1,780,441</u>
<u>June 30, 2020:</u>		
Investments	\$ <u>1,521,045</u>	\$ <u>1,521,045</u>

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Retirement Plan

Effective September 2017, the Organization established a Simple IRA retirement plan for its eligible employees. Employees may make contributions to the plan up to the maximum amount allowed by the Internal Revenue Code. All participant contributions are immediately fully vested. The Organization matches up to 3% of the employees' retirement contributions. Contributions made by the Organization on behalf of its eligible employees were \$2,281 for the year ended June 30, 2020. Effective July 1, 2020, this plan was no longer offered to employees.

6. Related Entities

The Organization is affiliated with the University of North Carolina at Chapel Hill. Under an agreement, the University provides staffing assistance, office space, investment management services and daily accounting services for \$6,000 for the six-month and twelve-month periods ended December 31, 2020 and June 30, 2020, respectively. Carolina for Kibera, Inc. must maintain its state nonprofit and tax-exempt status, conduct activities that are in line with the mission of the University and follow the University's accounting policies which include having an annual audit performed.

7. Cash and Concentration of Credit Risk

Cash at December 31, 2020 and June 30, 2020, includes the following amounts:

	December 31, 2020	June 30, 2020
University of North Carolina Investment Pool	\$ 917,326	\$ 1,111,495
Financial Institutions	<u>706,182</u>	<u>291,390</u>
	<u>\$ 1,623,508</u>	<u>\$ 1,402,885</u>

It is the State Treasurer's policy and practice for deposits not covered by federal depository insurance to be covered by collateral held by the State of North Carolina's agent in the name of the State and for the investments to be held by the State's agent in the State's name. Cash balances in the financial institution are insured up to \$250,000. At December 31, 2020, the Organization's uninsured cash balances were \$411,016. At June 30, 2020, the Organization's uninsured cash balances were \$41,389.

The Organization receives a major portion of its support from private foundations and contributions. A reduction in the level of support could possibly have a significant effect on the Organization's programs and activities. As a result of the COVID-19 coronavirus, economic uncertainties have arisen which may negatively impact grant revenue going forward.

10. Endowment Fund

Donor-designated Endowments (UPMIFA state)

The Organization's endowment funds consist of a pooled endowment account established for specific purposes as restricted by the donor. As required by U.S. generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The State of North Carolina enacted the North Carolina (NC) Uniform Prudent Management of Institutional Funds Act (UPMIFA) effective March 2009, the provisions of which apply to endowment funds existing on or established after that date. Absent donor stipulations to the contrary, the provisions of this state law do not impose a restriction on the income or capital appreciation derived from the original gifts.

The Organization classifies as net assets with donor restrictions (a) the original value of gifts donated to permanent endowments, (b) the original value of subsequent gifts to the permanent endowments, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Gains and losses are classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence described in UPMIFA.

Investment Return Objectives and Strategies

Carolina for Kibera, Inc. has elected to invest in The University of North Carolina at Chapel Hill Foundation Investment Fund, Inc. (Chapel Hill Investment Fund or CHIF), a commingled investment vehicle established for The University of North Carolina at Chapel Hill Endowment Fund and other foundations and endowments affiliated with The University of North Carolina at Chapel Hill. By electing to invest in the Chapel Hill Investment Fund, the Organization has agreed to follow the investment policies and procedures as set forth by CHIF. The Chapel Hill Investment Fund invests its assets in the UNC Investment Fund, LLC (UNCIF). UNCIF employs a multi-asset class, multi-strategy investment approach to provide broad diversification, consistent returns and growth in spending and market value. The four primary investment goals and objectives of the UNCIF are:

1. To preserve the real (net of inflation) purchasing power of the UNCIF while providing a predictable, stable, and constant (in real terms) stream of earnings.
2. To earn an annualized real total rate of return of at least 5.5 percent per year, net of all fees and expenses, over the long term.
3. To earn an annual rate of return, net of all fees, that exceeds the Strategic Investment Policy Portfolio.
4. To earn a rate of return that places the Fund among the top third of university endowment funds as ranked by the National Association of College and University Business Officers.

Additionally, the Organization has adopted investment and spending policies, approved by the Board, for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment funds while seeking to maintain the purchasing power of the endowment assets over the long term.

10. Endowment Fund (Continued)

Spending Policy and How the Investment Objectives Relate to Spending Policy

Each year, the Organization may take a distribution of at least 4% to a maximum distribution of 7% of the Fund's estimated market value at the Fund's fiscal year end. The investment return on the endowment account is treated as income without donor restrictions and the payout from the endowment account is received at the end of the Fund's fiscal year from the without donor restrictions portion.

Endowment Net Asset Composition by Fund Type as of December 31, 2020 and June 30, 2020:

	Without Donor Restrictions	With Donor Restrictions	Total
